Annex 5-1

Response Commitment for Package 1

To: CNWE Energy Proprietary Limited:

Our company has fully read and studied the Procurement Documents and supplementary documents for **Construction and Installation Works for PV Area** for Notsi 475MW PV PROJECT in South Africa, and fully understood and mastered all relevant information of the project procurement through site survey and problem clarification. Now, after careful analysis and research, we make the following commitments:

Our company ***** is willing to implement and complete the response quotation of ***** for Notsi 475MW PV PROJECT in South Africa in accordance with the requirements of the Procurement Document after the site inspection and the study of all the Procurement Documents and their clarification and modification documents. Our quotation shall be **ZAR** **(In words:)**. We confirm that the price is the initial contract price of the project.

If our company's response is accepted within the validity period of the response (whether signing the contract, receiving the Notice of Selection or expressing the intention of acceptance in writing), our company guarantees to complete the whole project in accordance with the project schedule and other provisions in the Procurement Document.

Our company understands and agrees that the Party A has the right not to accept the lowest response quotation or any Response Document, and will not explain the reasons for selecting or rejecting any Response Document.

Our company guarantees to keep all information related to the project, Procurement Documents and the Procurement Document secret until the Party A makes a decision to remove the confidentiality of these information.

Within 120 days after the response submission deadline, the Response Document will remain valid for acceptance by the Party A. After that, unless the Party A receives the Response Document within the validity period of the above-mentioned Response Document, or gives a written notice to extend the validity period of the Response Document, the Response Document will be deemed to have been cancelled. Before the formal contract is signed, the Response Document and the written acceptance

document of the Party A will constitute a binding contract between our company and the Party A (and the owner).
